"After working on projects in Naples for over a decade, we have noticed an increasing need to be close to clientele in South Florida and have experienced a higher demand for our services," Palmer tells EAL. "The new office will enable us to maintain closer relationships with our existing South Florida partners and develop new collaborations throughout the state. The richness and diversity of the region's architectural styles fits perfectly with our expertise."

The newly opened Harrison Design is located at 1015 First Avenue South, Naples. Other locations include Roslyn, New York; Atlanta and St. Simons Island; Los Angeles and Santa Barbara, California; Washington, D.C.; and Shanghai.
